Sorry, a system error occurred.

unimplemented trap
To temporarily turn off extensions, restart and hold down the shift key.

Restart

ACPI Critical Error #1003

The ACPI driver has encountered a hardware or bios problem.

Press any key to continue _

A problem has been detected and windows has been shut down to prevent damage to your computer.

The problem seems to be caused by the following file: SPCMDCON.SYS

PAGE_FAULT_IN_NONPAGED_AREA

If this is the first time you've seen this stop error screen, restart your computer. If this screen appears again, follow these steps:

Check to make sure any new hardware or software is properly installed. If this is a new installation, ask your hardware or software manufacturer for any windows updates you might need.

If problems continue, disable or remove any newly installed hardware or software. Disable BIOS memory options such as caching or shadowing. If you need to use Safe Mode to remove or disable components, restart your computer, press F8 to select Advanced Startup Options, and then select Safe Mode.

Technical information:

*** STOP: 0x00000050 (0xFD3094C2,0x00000001,0xFBFE7617,0x00000000)

*** SPCMDCON.SYS - Address FBFE7617 base at FBFE5000, DateStamp 3d6dd67c

Many Tools - many possibilities

You can choose among more than 90 tools in Fronter. You choose tools which are relevant for the use of the room.

-  Messages
-  Participants
-  Archive
-  Forum
-  Chat
-  Portfolio
-  News

Tools in shared rooms

Tools for the use of disseminating knowledge, collaboration in general, tools for project management.

E.g. participate in forum for discussions, chat with more than one person - simultaneously (both can be logged), store and share documents, links etc. in the archive, hand in assignments and reports, write together in the same document - shared documents, create, carry out and mark tests, assignments etc.. + lots and lots more...

The Fronterpage tool can be used to manage activities within the room from a web style interface.

Building, Key and Room

Think of Fronter as a Building- a virtual building.

To enter the Building, you need a Key - your User Name and Password.

The Building contains many Rooms- Shared Rooms as well as Private.

 Med din personlige nøkkel får du tilgang til en døgnåpen skole/arbeidsplass på nettet.

If you are a student or teacher, Fronter is your school on the Web. If you are a company employee, or perhaps a customer, then Fronter is your workplace on the Web

You use your Key to enter the Building

 **Pentatomidae**

Pentatomidae, Greek *pente* meaning *five* and *tomos* meaning *section*, is a family of [insects](#) that includes some of the [stink bugs](#) and [shield bugs](#).

The unscientific term *stink bug* is also applied to distantly related species such as *Boisea trivittata*, the *boxelder bug*, and the *Florida sp.*, the *pinacate beetle*.

User interface tests (3-2)

The image displays several screenshots of the Orange webmail user interface, illustrating different confirmation dialogs and navigation elements. Red circles and arrows highlight specific areas of interest:

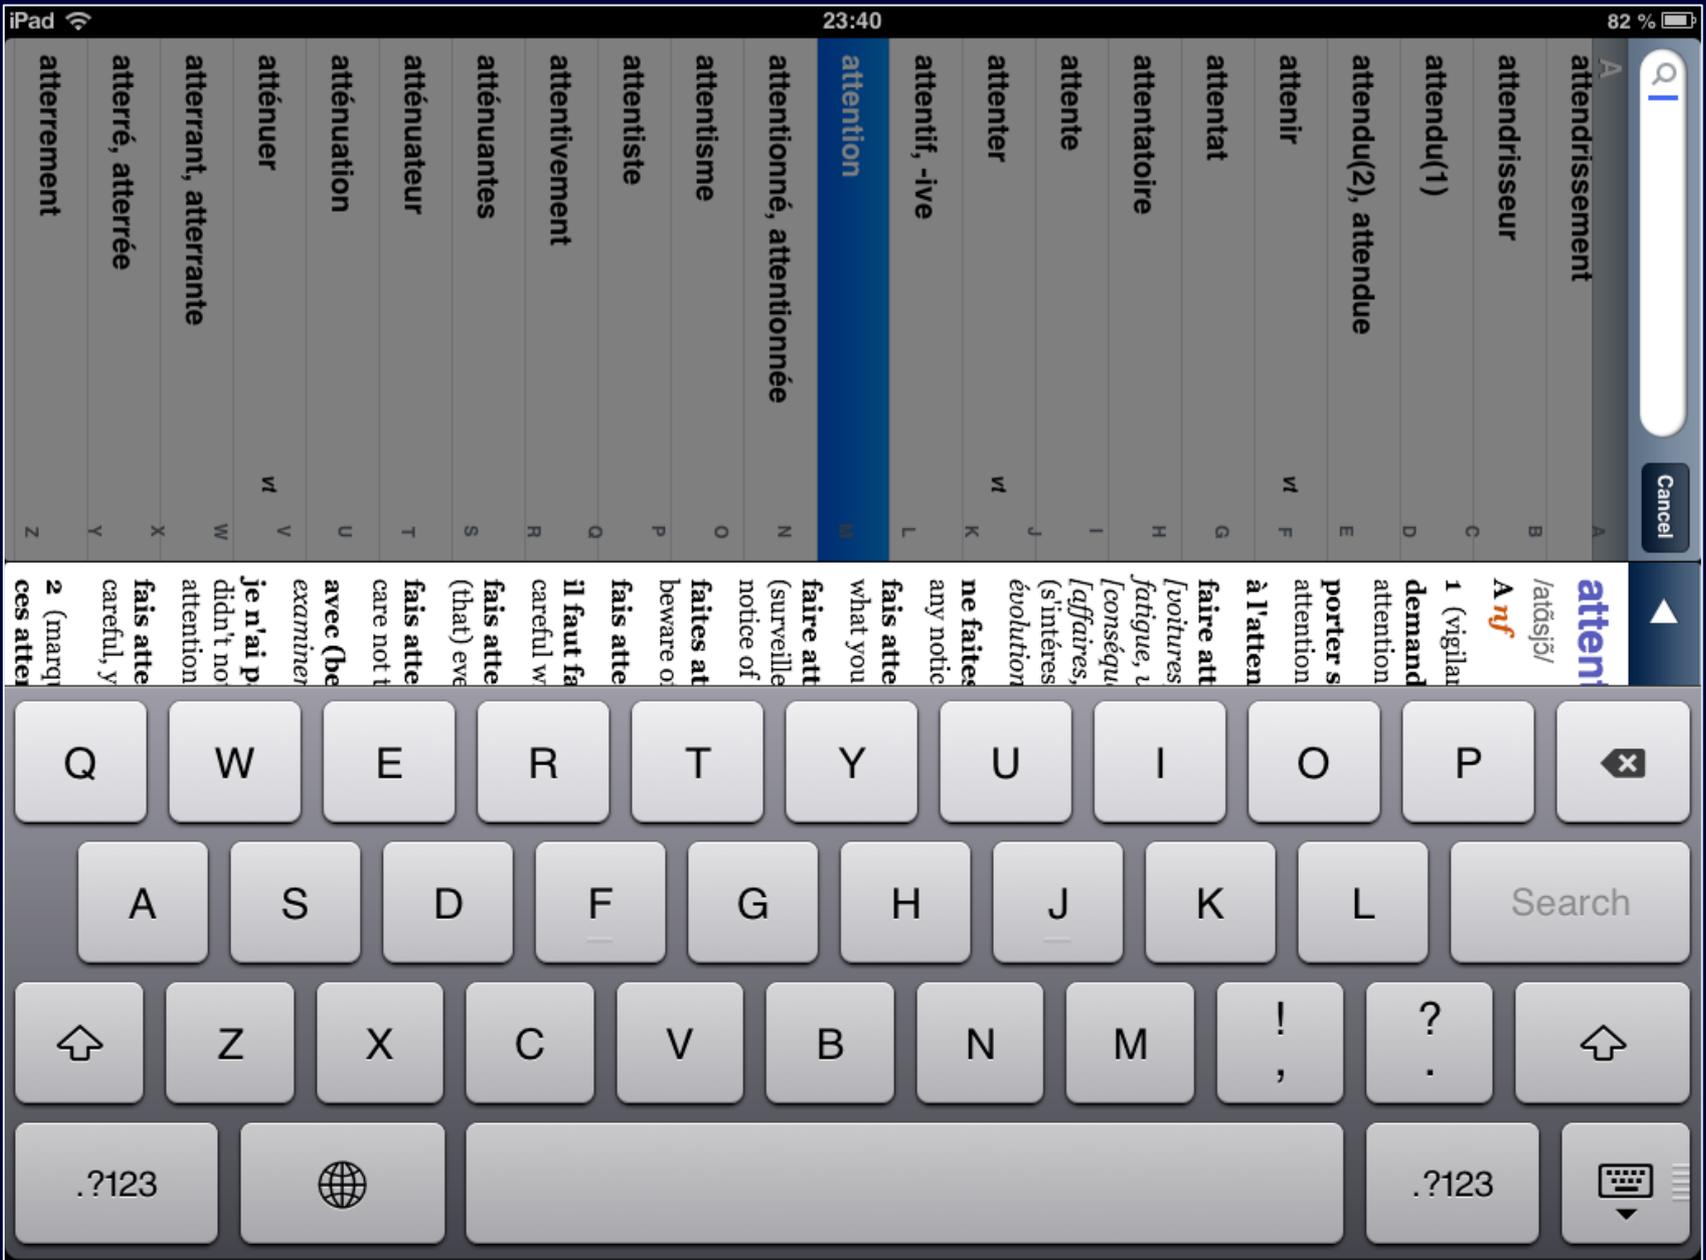

- Top Left Screenshot:** Shows the main interface with a navigation bar (accueil, mail, sms/mms, boîtes vocales, mes contacts) and a sidebar with folders (recus, envoyés, brouillons, indésirables, corbeille, mes dossiers). A confirmation dialog is overlaid, asking: "Confirmez-vous la suppression de 1 message ?" with "valider" and "annuler" buttons.
- Top Right Screenshot:** Shows the interface with a list of messages. A confirmation dialog is overlaid, asking: "Voulez vous supprimer ce(s) message(s) ?" with "annuler" and "ok" buttons.
- Bottom Left Screenshot:** Shows the interface with a message being read. A confirmation dialog is overlaid, asking: "Confirmez-vous la suppression définitive de ce message?" with "OK" and "Annuler" buttons.
- Bottom Right Screenshot:** Shows a separate dialog box with the text: "La page à l'adresse webmail1h.orange.fr indique : Confirmez-vous la suppression définitive de ce message?" with "OK" and "Annuler" buttons.

Red arrows indicate the flow of information or relationships between these elements, pointing from the highlighted dialogs in the top-left and top-right screenshots towards the dialog in the bottom-left screenshot, and from the dialog in the bottom-right screenshot towards the dialog in the bottom-left screenshot.

WAI Guidelines and Techniques

WAI develops a series of accessibility standards and guidelines that are introduced in [Essential Components of Web Accessibility](#) and listed below:

[Web Content Accessibility Guidelines \(WCAG\) Overview, WCAG 2.0](#)

[How to Meet WCAG 2.0 \(Quick Reference\)](#)

Addresses the **information in a Web site**, including text, images, forms, sounds, and such.

[Accessible Rich Internet Applications \(WAI-ARIA\) Suite Overview](#)

Addresses **dynamic Web content and Web applications developed with Ajax, DHTML**, and other Web technologies.

[Authoring Tool Accessibility Guidelines \(ATAG\) Overview, ATAG 1.0](#)

Addresses **software that creates Web sites**.

[User Agent Accessibility Guidelines \(UAAG\) Overview, UAAG 1.0](#)

Addresses **Web browsers and media players**, and relates to **assistive technologies**.

[Evaluation and Report Language \(EARL\) Overview](#)

Addresses the expression of **Web site evaluation test results** in a platform independent format.

[Accessibility Information for Specific Technologies](#)

Links to information about accessibility of XML, SVG, SMIL, and other specific technologies.

[Referencing and Linking to WAI Guidelines and Technical Documents](#)

Provides guidance on references and links, along with WCAG links for policies, tools support, and others.

[How WAI Develops Accessibility Guidelines through the W3C Process: Milestones and Opportunities to Contribute](#)

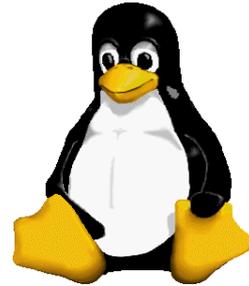

Introduces how WAI works through a process designed to ensure broad community input and encourage consensus development.

See also:

- [Essential Components of Web Accessibility](#) - Shows how Web accessibility depends on several components of Web development and interaction working together, and how the WAI guidelines (WCAG, ATAG, UAAG) apply.
- [Web Content Accessibility and Mobile Web: Making a Web Site Accessible Both for People with Disabilities and for Mobile Devices](#)
- [WAI Technical Papers](#) - Links to technical papers, including [Overview of "Web Accessibility for Older Users: A Literature Review"](#), the W3C Note on [Inaccessible Captcha CAPTCHA](#), and proceedings from research and development events.

A. General Site Help

1. Subscribe

You subscribe by clicking on the link at the top right of the page "Not a subscriber yet? Click here".

A screenshot of a 'SUBSCRIBER LOGIN' form. The form has a title bar with a red 'X' icon and the text 'SUBSCRIBER LOGIN'. Below the title bar are two input fields: 'Username' and 'Password'. To the right of the 'Password' field is a checkbox labeled 'Remember password'. Below the input fields is a green 'Login' button. At the bottom of the form, there are two links: 'Not a subscriber yet? [Click here](#)' and 'Forgot your password? [Click here](#)'.

Institutions and organizations can sign up for a free trial and we will then contact you directly to see how we can best meet your requirements.

2. Log In

When you subscribe use a valid email address as your username and you will be allocated a password in an email message. Enter your username (your email address) and password at the top right of the page and click on **Login**

3. Search

3.1 Quick Search

Once logged in the search box is located on the left-hand side of the screen.

A screenshot of a search box. The search box has a title bar with a red 'X' icon and the text 'SEARCH'. Below the title bar are two buttons: 'Quick search' and 'Browse'. The 'Quick search' button is selected and has a downward-pointing arrow next to it.

The Quick Search is selected by default and appears in bold on the top left of the screen and the arrow is pointing downwards

Select the resource in which you wish to search from the drop-down menu.

Enter a word or words into the search box and hit return or press **OK** Your results will display in the middle panel in a ranked order, click on the one which matches your query most, you can click on "back to results" to go back to your original search results listing.

Searches are lemmatized which means that if you search for an inflected form such as "got" you will also return the root form "get".

Article

ntation générale

Bureau virtuel ou ENT (Espace numérique de travail) est un ensemble de services personnalisés et sécurisés, accessibles aux élèves et aux professeurs mais aussi aux membres de la communauté éducative, en particulier les parents. Ces services sont proposés actuellement à près de 300 000 utilisateurs. Quant à la complexité technique, ces "bureaux virtuels" permettent aux utilisateurs de se concentrer sur les apports des TIC pour la pédagogie et l'organisation de l'établissement d'enseignement.

Pour un élève, un bureau virtuel, c'est la possibilité d'accéder en ligne, dans ou hors de l'établissement, à son emploi du temps, son cahier de texte, ses notes mais aussi de consulter des ressources documentaires ou des éléments de cours mis à disposition par les professeurs et de travailler en collaboration avec ses camarades. »
